RESTRICTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1 - 11, drawn to catalyst cutting apparatus, classified in class 83, subclass 651.1.
 - II. Claim 12 - 18, drawn to a method of cutting a catalyst substrate, classified in class 451, subclass 296.
2. Inventions I and II are related as product and process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP § 806.05(h)). In the instant case the method of using the catalyst cutting apparatus can be practiced with a materially different product, such as a ban saw. As well, the catalyst cutting apparatus can be used for a different cutting process.
3. A telephone call was made to Kees van der Sterre on 21 April, 2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Faxing of Responses to Office Actions

4. In order to reduce pendency and avoid potential delays, TC 3700 is encouraging FAXing of responses to Office Actions directly into the Group at (703) 872-9302. This practice may be used for filing papers not requiring a fee. It may also be used for filing papers which require a
